Serving Citrus – Dixie – Gilchrist – Levy – Sumter Counties

Certification of Receipt of Health Records

Provider: _____ Contact Person: _____

Child's Name: _____ Date of Birth: _____

Enroll Date: _____ Date Records Received: _____

Florida Statutes require all child care providers to collect and keep on file current physical forms and immunization records for all children not yet enrolled in kindergarten. Parents/guardians are required to submit forms to the child care provider within thirty (30) days of enrollment, and are required to update documents prior to the expiration date. Children with expired health records are not allowed to attend until up-to-date records are provided.

Physical forms must include completion or notation in the sections pertaining to hearing and vision screening.

The Coalition is required to document that non-licensed child care providers collect current records within the thirty (30) day period following enrollment. Please return this form to your local Coalition office (preferably by fax) when health records are received for newly enrolled children.

By my signature below, I certify that I have received current physical and immunization records for the child listed above.
