**Provider Alert #60**

**Date:** April 27, 2009

**Subject:** VPK Prepayment Refusal

On April 24, 2009, the Coalition hosted a Provider Retreat. At this retreat, a form was handed out to all VPK Providers regarding Prepayment. It is required by Florida Statute that all VPK Providers receive a monthly prepayment. However, a provider has the option of refusing this payment.

If you would like to refuse your prepayment, and you have not already done so, the attached document must be completed, signed and returned to the Coalition's Crystal River office by close of business, May 15, 2009. If we do not receive this document, you will automatically receive prepayments.
