Provider Alert #79

Date: February 11, 2010
Subject: TEACH Scholarship Program Funding

It has come to our attention that the TEACH Scholarship Program has funding available to assist early childhood professionals with the cost of attaining or renewing an FCCPC or CDA National Credential, attaining or renewing a Director's Credential, and/or the cost of completing an A.S. Degree in Early Childhood Education.

Please visit <http://www.fcforum.org/teach.php> for more information about this valuable opportunity for early learning providers (including owner/directors) and teachers to participate in this joint effort to increase expertise in the field of early education. The partnership is between the student, the employer, and the TEACH Scholarship Program, with the TEACH Scholarship Program providing the majority of the funding. Opportunities are available to both center and family child care home staff.
