Provider Alert # 87

Date: July 30, 2010
Subject: Attestation of Good Moral Character Form – revised August 2010

To comply with the 2010 legislative changes pertaining to Level 2 Background Screening, the Department of Children and Families has released a revised Attestation of Good Moral Character Form. Revisions include the addition of disqualifying offenses and other language changes. I have included the form with this provider alert for your convenience. It is also available on the DCF Child Care website at www.myflorida.com/childcare.

To comply with the changes in the screening requirements, early learning providers should require staff members to complete updated Attestations. Note that this form must be completed each year by any staff member employed by your program, including the owner.

To assist the Coalition in maintaining valid documentation in our files for those providers that offer the Voluntary Pre-Kindergarten program, please fax copies of the completed new Attestations for all staff members and directors listed in your VPK paperwork. **Fax copies of completed Attestations for all listed VPK staff members to your local ELC office before the first day of your VPK program.**

Thank you for your assistance in this important matter. If you have questions, please call your local Program Manager.
